Hailey and Peter have been without a bear pack for a while--- they were booted out of their last pack for objecting to some less-than-savory activities. For months, they've been searching for a bear who clicks with their bonded energy so they can start a new pack, but the search is proving to be more trouble than it's worth.

After a while, the two are just tired of being pushed around by their former leader, and they just want to be left alone. Then Jacob walks in, and Hailey starts to wonder if the old adage about being careful what you wish for is really true.

He's the epitome of tall, dark, and handsome, and even though Hailey wants to be afraid, his power is too heady to resist. Even neurotic Pete is deeply drawn to him; before they bond, Jacob has them utterly enchanted.

Is he too good to be true? Or will their ménage bring about a level of power Hailey had only dreamed of before?
