The power and importance of storytelling is now widely accepted, but this book goes further to focus on storymaking. CONNECTION brings together a former scientist, a story consultant, and an improv actor to give you the critical thinking of science combined with a century of Hollywood knowledge in the creation and shaping of stories. The material is relevant to lawyers, politicians, public health workers, educators, activists-- everyone. In today's "Twitterfied" world, CONNECTION provides the narrative tools for effective communication.
