The Story of Mohammed Islam Unveiled

(Non-fiction full length book)

Mohammed's story is the key which unlocks the complexities and confusion of the Islamic religion itself. Understanding his story provides a clear insight into Islam and the incredible importance this subject holds for our future.

This story is also the most amazing story never told. It is said that truth is stranger than fiction and you just could not have made this story up. There are battles, murders, intrigues, rapes, assassinations, torture, intimidation, and much much more. Along the way Mohammed invented Jihad, the most effective system of conquest ever devised.

This amazing book reads like an adventure story and brings the Islamic perspective to life in a way that is both fascinating and informative.

Millions of people, both Muslims and non Muslims are tragically affected by aspects of Islam. More than 95% of all wars and armed conflict today involve Muslims. Muslims also suffer some of the highest rates of poverty, disease, hunger, illiteracy, environmental degradation and many more crippling disadvantages. By tackling the subject head on, this book gives the reader the ability to consider and discuss this subject from a position of knowledge understanding and truth.

Sinohey, (one of Amazons top 600 reviewers) said:

This book should be read with an open mind and equanimity. It is NOT a hit piece against Muslims or their religion. It is factual rendition of the history of Islam and its founder; allowing the readers to form their own conclusions. I highly recommend it. Full disclosure: I am fluent in Arabic, studied and taught Islamic culture for over three decades; lived, taught and worked in several Muslim/Arab countries.

The following reviews are from Amazon UK:

GJ Milo:

I'll admit I was skeptical when I first came across this book on Amazon, it looks pretty amateurish and the "related books" section doesn't exactly put it in good company. But it's short and it's cheap, so I decided to give it go.

Holy s\*\*\* am I glad I did.

I read a huge amount; at least a book a week on average, going back as long as I can remember, so over the years that's added up to a very large number of titles. So the following is no small statement, and I say it without exaggeration or hyperbole:

This is the most important book I've ever read.

Not necessarily the \*best\*, but certainly the most important, and if I could, I'd buy a copy for everyone on Earth. I've read it twice already, and I just ordered three paperback copies to lend out and pass around. When they're gone I'll probably buy more.

Kenny Wood:

Having already read extensively on the subject matter of this book, including Islam's own source documents, I honestly believe that this publication is probably one of the most factual and well written amongst some very serious competition.

Fred J. Alexander

This amazing factual book reads like an adventure story. Islam is based on the life of Mohammed and Mohammed is not like any other prophet. Easy reading only 135 pages. If you want insight on Islam and Jiahd, etc. this is for you.

Carol Curtis

One of the best books I have ever read, fantastic writing & a massive insight into Islam. This book has to be read by everyone !!!!

Buy your copy now, because in today's shrinking world, a clear understanding of this subject is just essential.
