**A Very Short Fairly Interesting and Reasonably Cheap Book About Studying Leadership (Very Short, Fairly Interesting & Cheap Books)** Brad Jackson, Ken Parry

This bestselling pocket guide provides students with alternative ways of looking at leadership beyond prescriptive 'how to' approaches. It shows how leadership is a relational activity and encourages students to think about leadership in fresh and innovative ways. The first edition became a favorite among students for the pithy and engaging way in which it guided them through the cacophony of competing perspectives and models. The **Second Edition** includes expanded discussion of hot topics like followership, gender, ethics, authenticity, and leadership and the arts, set against the backdrop of the global financial crisis. In showing students how to critically appraise and work with leadership theories, this book will not just make readers into better students of leadership, but into better leaders too.
