Femalia

Thirty-two full-color photographs of women's genitals reflect the diversity of women's bodies. Therapists, sex educators, women's health clinicians -- and all women -- will find this volume a welcome addition to their libraries. "You will find these images some of the most beautiful you've ever seen, or be shocked by them. This book is a magic mirror letting you know exactly how you feel about female genitalia. It's a perfect coffee table book." Annie Sprinkle, Performance Artist "In these photographs of the vulva the hidden is revealed--as a reality and as an art form. The anatomic variability which makes each human face distinct is clearly reflected all over our bodies, and is now appreciated in the 'femalia'." Sadjia Greenwood, M.D., M.H.P., Author, Menopause, Naturally
