Excerpt from The Music and Hymnody of the Methodist Hymnal

To present a dictionary of hymnology, or even to collect critical notes upon all of the seven hundred hymns in the Methodist Hymnal, is not the purpose of this little book: for it would be impossible to do this adequately within the limits of space imposed upon our study; and, besides, the more detailed treatment of the hymns (though not of the tunes) has already been ably presented by other hymnologists of the Church. But as there has often been expressed the need of a brief introduction to the Hymnal, its history, its hymns and tunes, its theology, its musical and literary beauties, together with helpful suggestions to pastors and prayer-meeting leaders - in a word, a practical guide to the Hymnal - this has, therefore, been attempted by the author. Whatever imperfections may mar the work, it is the devout hope of the author that this study may be of some service to the Masters cause in stimulating a deeper interest in the meaning and use of the hymns and tunes.

Hymn-stories are told herein, some of them drawn from the common reservoirs of hymnology, a few re cited in these pages for the first time, but for the purpose more of suggesting typical conditions under which hymns are written or sung or quoted, than of explaining particular hymns.

About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com)

This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
