La década del miedo: Dramaturgias audiovisuales post-11 de septiembre (Critical Perspectives on English and American Literature, Communication and Culture) (Spanish Edition)

Los atentados del once de septiembre de 2001 han dejado una huella imborrable en la cultura estadounidense en general y en las producciones audiovisuales en particular. En ellas, tanto los contenidos como los lenguajes reflejan el antes y el después de aquel día, las consecuencias del trauma colectivo y la dialéctica y efectos de la interminable Guerra contra el Terror. Con un enfoque interdisciplinar, en este volumen once personas expertas de distintas áreas de conocimiento estudian películas, series de ficción y videojuegos americanos del contexto post-11-S, analizando cuestiones de creación, representación, ideología, resonancia y recepción. Se aborda el debate de la premediación y se exploran las culturas de la conmemoración, la memoria, el miedo y la celebración, argumentando que el once de septiembre más nombrado de nuestro pasado reciente ha condicionado de manera radical las formas de crear y de consumir productos audiovisuales; incluso aquellos que no tratan directamente sobre los ataques contra las Torres Gemelas y el Pentágono.
