A Dom/sub relationship doesn't just happen. It is a **finely crafted and designed system of expectations and joys**. In order for you and your submissive lady to "fit" one another and create a lasting, happy union there must be a period of training.

It does not matter if your sub has thirty years of experience in submission or just read *50 Shades of Grey* and decided to try it herself. She will need to be trained for the best relationship to emerge.

"**Dom's Guide to Submissive Training**" was specifically written for doms/masters. It is designed to provide you with a **step-by-step blueprint** on how to train your new sub. It goes from preparation all the way down to the closing ceremony including advanced techniques & tips.

Training can be one of the most exciting, challenging and fun parts of the relationship. A well-trained sub will not only serve you in the capacity you deserve, but will have built up the two most important elements in any BDSM relationship – **trust and consistency**. Following the instructions in this guide will allow you to **show yourself as a worthy master, who is in control, experienced and able to guide you both to the best possible life**.
