Lenin's Revolution: Russia, 1917-1921

David R. Marples

Lenin's Revolution: Russia, 1917-1921 David R. Marples

This study examines one of the key events in history, the Russian Revolution. Since the late Gorbachev period, a wealth of new material has become available to historians that has triggered intense scholarly debate on the nature of revolution. This timely new book takes account of the new scholarship, including - for example - the role of Lenin. It is argued that the initial flexibility of Lenin and the Bolshevik party allowed them to take power, but that the conduct of both changed considerably once they were obliged to take steps to maintain their authority.

This book charts the February Revolution, the October Revolution, the Civil War and the main individuals involved, giving a remarkable degree of clarity to the tumultuous events in Russia whose consequences the world lived with for the rest of the twentieth century.
