"A must read for parents, educators, and people with dyslexia." -Gordon F. Sherman, Ph.D., Past-President International Dyslexia Association

Did you know that many successful architects, lawyers, engineers—even bestselling novelists—had difficulties learning to read and write as children? In this groundbreaking book, Brock and Fernette Eide explain how 20% of people—individuals with dyslexia—share a unique learning style that can create advantages in a classroom, at a job, or at home. Using their combined expertise in neurology and education, the authors show how these individuals not only perceive the written word differently but may also excel at spatial reasoning, see insightful connections that others simply miss, understand the world in stories, and display amazing creativity. Blending personal stories with hard science, *The Dyslexic Advantage* provides invaluable advice on how parents, educators, and individuals with dyslexia can recognize and use the strengths of the dyslexic learning style in: material reasoning (used by architects and engineers); interconnected reasoning (scientists and designers), narrative reasoning (novelists and lawyers); and dynamic reasoning (economists and entrepreneurs.)

With prescriptive advice and inspiring testimonials, this paradigm-shifting book proves that dyslexia doesn't have to be a detriment, but can often become an asset for success.

From reader reviews:

Anthony Robin:

Playing with family in a very park, coming to see the coastal world or hanging out with close friends is thing that usually you will have done when you have spare time, in that case why you don't try issue that really opposite from that. A single activity that make you not sense tired but still relaxing, trilling like on roller coaster you already been ride on and with addition associated with. Even you love The Dyslexic Advantage: Unlocking the Hidden Potential of the Dyslexic Brain, you are able to enjoy both. It is very good combination right, you still want to miss it? What kind of hang type is it? Oh can occur its mind hangout people. What? Still don't obtain it, oh come on its called reading friends.

Victor Smith:

Your reading 6th sense will not betray you, why because this The Dyslexic Advantage: Unlocking the Hidden Potential of the Dyslexic Brain reserve written by well-known writer we are excited for well how to make book which might be understand by anyone who else read the book. Written throughout good manner for you, still dripping wet every ideas and publishing skill only for eliminate your own hunger then you still question The Dyslexic Advantage: Unlocking the Hidden Potential of the Dyslexic Brain as good book not simply by the cover but also by the content. This is one e-book that can break don't evaluate book by its deal with, so do you still needing an additional sixth sense to pick this particular!? Oh come on your studying sixth sense already alerted you so why you have to listening to a different sixth sense.

Joseph Southard:

Don't be worry when you are afraid that this book can filled the space in your house, you can have it in e-book technique, more simple and reachable. This specific The Dyslexic Advantage: Unlocking the Hidden Potential of the Dyslexic Brain can give you a lot of close friends because by you taking a look at this one book you have factor that they don't and make a person more like an interesting person. This kind of book can be one of one step for you to get success. This book offer you information that perhaps your friend doesn't learn, by knowing more than other make you to be great folks. So , why hesitate? We need to have The Dyslexic Advantage: Unlocking the Hidden Potential of the Dyslexic Brain.

Brandy Brobst:

As a scholar exactly feel bored in order to reading. If their teacher inquired them to go to the library or make summary for some publication, they are complained. Just very little students that has reading's heart and soul or real their passion. They just do what the trainer want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that examining is not important, boring along with can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this The Dyslexic Advantage: Unlocking the Hidden Potential of the

Dyslexic Brain can make you feel more interested to read.
