Matthew: Storyteller, Interpreter, Evangelist Warren Carter

For the past ten years, the well-received first edition of this introduction has offered readers a way to look at scriptural texts that combines historical, narrative, and contemporary interests. Carter explores Matthew by approaching it from the perspective of the "authorial audience"--by identifying with and reading along with the audience imagined by the author. Now an updated second edition is available as part of a series focusing on each of the gospel writers as storyteller, interpreter, and evangelist.

This edition preserves the essential identity of the original material, while adding new insights from Carter's more recent readings of Matthew's gospel in relation to the Roman Imperial world.

Four of the seventeen chapters have been significantly revised, and most have had minor changes. There are also new endnotes directing readers to Carter's more recent published work on Matthew. Scholars and pastors will use the full bibliography and appendix on redaction and narrative approaches, while lay readers will appreciate the clear and straightforward text.
