The Shape of Sola Scriptura Keith A. Mathison

In what shape do we find the doctrine of *sola Scriptura* today? Many modern Evangelicals see it as a license to ignore history and the creeds in favor of a more splintered approach to Christian living. In the past two decades, Roman Catholic and Eastern Orthodox apologists have strongly tried to undermine *sola Scriptura* as unbiblical, unhistorical, and impractical. But these groups rest their cases on a recent, false take on *sola Scriptura*.

The ancient, medieval, and classical Protestant view of *sola Scriptura* actually has quite a different shape than most opponents and defenders maintain. Therein lies the goal of this book—an intriguing defense of the ancient (and classical Protestant) doctrine of *sola Scriptura* against the claims of Rome, the East, and modern Evangelicalism.
