'Dry My White Noise Tears' is a collection of stories written by acclaimed science-fiction author, Philip K. Dick. He explored sociological, political and metaphysical themes in stories dominated by monopolistic corporations, authoritarian governments, and altered states.

Nine of his stories have been adapted into popular films since his death, including Blade Runner, Total Recall, A Scanner Darkly and Minority Report.

In 2005, Time magazine named him one of the one hundred greatest English-language sci-fi authors.

Included in this volume:

Story One: The Skull - Conger agreed to kill a stranger he had never seen. But he would make no mistakes because he had the stranger's skull under his arm. One of Philip K. Dick's usual mind-bending plots and fans will find it interesting to see his early plot devices.

Story Two: The Defenders - No weapon has ever been frightful enough to put a stop to war--perhaps because we never before had any that thought for themselves! Written in the vein of "The Day the Earth Stood Still."

Story Three: Beyond Lies the Wub - A space crew have had food spoilage so they go hunting on a planet and capture a "wub";--a sloppy appearing piglike animal that should be good for a pork loin dinner. One problem though: it's intelligent and likes to talk philosophy. Not what the hungry crewmembers really counted on...

Story Four: The Crystal Crypt - Stark terror ruled the Inner-Flight ship on that last Mars-Terra run. For the black-clad Leiters were on the prowl ... and the grim red planet was not far behind. Told in a beguilingly simple manner yet timeless. A Philip K. Dick classic.

Story Five: The Gun - Nothing moved or stirred. Everything was silent, dead. Only the gun showed signs of life ... and the trespassers had wrecked that for all time. The return journey to pick up the treasure would be a cinch ... they smiled.

Story Six: Beyond the Door - Larry Thomas bought a cuckoo clock for his wife--without knowing the price he would have to pay.

This are the original and unabridged versions of these tales. A must-have for science fiction fans!
