Etiquette

Emily Post

Etiquette Emily Post

Unlike the watered-down, politically-correct, unconvincing, and thoroughly wrong ideas and advice in contemporary etiquette books, this edition of Etiquette actually written and revised by Ms Post herself says it how it is. The advice is classic, intelligent, and timeless. Emily Post's Etiquette originated in the early 1920s, after the Great War, in an age of great change; her thesis was that good manners, good taste, common sense, politeness and respect were timeless and unchanging no matter what the age. Conventions may have changed radically since then, good traditions may have been lost, but an intelligent person will do no wrong by consulting this book: greetings, public presence, driving and walking, acting in the community, parties and dances, courting and marriage, funerals and weddings and christenings, all formalities of correspondence, house rules in both country and city, business, games and sports, table manners, clothing, politics, good behavior, school, neighborhood customs, and so on -- it's all there!
