Immigrant Children and Youth: Psychological Challenges Alberto M. Bursztyn Ph.D., Carol Korn-Bursztyn

Immigrants now comprise one-fourth of the 75 million children in the United States. The ability of today's immigrant children to become productively engaged adults hinges on their internal resources and mental health. This book ascertains their psychological challenges and their often misunderstood needs.

- Provides an accessible and well-informed overview of the mental health needs of immigrant children and youths that identifies the multitude of issues and challenges that put immigrant children at high risk for emotional strain
- Includes emergent areas of psychological study in immigrant populations, such as transnational families, undocumented status, childhood disabilities, and depression
- Reflects current understanding about social acculturation and language acquisition
