Seven Men: And the Secret of Their Greatness by Metaxas, Eric (2013) Hardcover

What makes a person truly great? Is it only what they've done? Their work and accomplishments? Perhaps, as Eric Metaxas discusses in his newest volume 7 Men and the Secret of Their Greatness, it's often what they don't do that makes them worthy of remembrance. For instance, when the newly founded United States wanted to make George Washington it's new king, he refused, or Jackie Robinson, one of the most talented baseball players of his time, surrendered his right to fight back against racists, or when Chuck Colson volunteered to go to prison when he didn't have to. These men and the four more who are profiled--Eric Liddell, John Paul II, Dietrich Bonhoeffer, and William Wilberforce, all lived their lives for a greater purpose, laying down their comfort and ambitions to follow what they believed was right. In 7 Men you'll learn more about these remarkable men and the faith that guided each of them. In a day when character often takes a backseat, their stories will enrich your life, and show you what's possible when one person chooses to follow the path of humility.
