Theological Wordbook of the Old Testament

R Laird Harris, Gleason L Archer Jr., Bruce K. Waltke

Theological Wordbook of the Old Testament R Laird Harris, Gleason L Archer Jr., Bruce K. Waltke

For busy yet serious students of the Old Testament

This extensive scholarly work includes discussions of every Hebrew word of theological significance in the Old Testament, plus brief definitions of all other words found in the Brown-Driver-Briggs (BDB) Hebrew Lexicon. Keyed to Strong's Concordance, the *Theological Wordbook of the Old Testament* has been a longtime favorite of serious students of the Bible—pastors and laypeople alike. The busy pastor or earnest Christian worker who has neither the time nor the background for detailed technical study, yet desires to understand important terms, will enjoy this practical resource.

There are more than 1,400 articles written by 43 Old Testament scholars, plus some 400 sub-entries giving definitions only. The articles focus on theological meanings of importance and do not include lengthy, technical, linguistic discussions. Virtually exhaustive bibliographies of published material relating to the words discussed are also included, as is a special section of Aramaic words used in the Old Testament.

The new edition of this monumental reference work combines two volumes into one, now making it even easier to use.
