Angel Horses: Divine Messengers of Hope Allen Anderson, Linda Anderson

This lovely collection tells of the hope and healing that comes from contact with horses. Whether used to give disabled riders a sense of freedom and mobility, to heal wounds of childhood abuse, to assist with work, or simply as loving companions, horses bond with people in ways that change them for the better. The stories, contributed by people from all over the country and from all walks of life, introduce Cholla, the horse who paints pictures; a veterinarian who was reminded of the importance of compassion by a dying horse and a Native American chief; Star, a horse who saved a teenage girl from suicide; the late-blooming rider who embarrassed a horse and learned an important lesson about respecting the feelings of others — even if they have four legs; and many others. Whether running through fields or performing intricate dressage drills, horses carry not only riders but messages of unconditional love and hope.
