The sampler should give you a very good idea of the **quality** and **style** of our book. In particular, be sure you are **comfortable with the level and with our Java coding style**.

Complete programs are available at epibook.github.io.

Since different candidates have different time constraints, EPI includes a **study guide** with several **scenarios**, ranging from weekend **Hackathon** to **semester long preparation** with a recommended a subset of problems for each scenario.

All problems are classified in terms of their **difficulty level** and include many **variants** to help you apply what you have learned more widely.

All problems includes **hints** for readers who get stuck. This simulates what you will face in the **real interview**.

The version being sold by Amazon itself is always current. Some resellers may have older versions, especially if they sell used copies.
