How to Build a Man: Construction On The "Wo" EC NORMAN

"god created and from that beginning it was Eve, who is perceived to be the progenitor of women problems. EC Norman transforms the story of creation in her new book, "How To Build A Man, Construction on the "Wo." She introduces the five construction tools used by Eve. She examines the differences between Adam and Eve, the interactions in the midst of Satan and Eve and other Biblical women that followed Eve's path. This book will transport you through creation, and lead you back through the expectations of the "Wo". EC Norman expresses how important it is for women to learn from Eve and her construction tools and see how they are still in operation today."
