## **Marine Structural Design Calculations** Mohamed El-Reedy

The perfect guide for veteran structural engineers or for engineers just entering the field of offshore design and construction, **Marine Structural Design Calculations** offers structural and geotechnical engineers a multitude of worked-out marine structural construction and design calculations. Each calculation is discussed in a concise, easy-to-understand manner that provides an authoritative guide for selecting the right formula and solving even the most difficult design calculation.

Calculation methods for all areas of marine structural design and construction are presented and practical solutions are provided. Theories, principles, and practices are summarized. The concentration focuses on formula selection and problem solving. A “quick look up guide”, **Marine Structural Design Calculations** includes both fps and SI units and is divided into categories such as Project Management for Marine Structures; Marine Structures Loads and Strength; Marine Structure Platform Design; and Geotechnical Data and Pile Design. The calculations are based on industry code and standards like American Society of Civil Engineers and American Society of Mechanical Engineers, as well as institutions like the American Petroleum Institute and the US Coast Guard. Case studies and worked examples are included throughout the book.

- Calculations are based on industry code and standards such as American Society of Civil Engineers and American Society of Mechanical Engineers
- Complete chapter on modeling using SACS software and PDMS software
- Includes over 300 marine structural construction and design calculations
- Worked-out examples and case studies are provided throughout the book
- Includes a number of checklists, design schematics and data tables

### From reader reviews:

#### **Jose Brummitt:**

This Marine Structural Design Calculations book is not really ordinary book, you have after that it the world is in your hands. The benefit you receive by reading this book is definitely information inside this guide incredible fresh, you will get facts which is getting deeper anyone read a lot of information you will get. This specific Marine Structural Design Calculations without we realize teach the one who studying it become critical in considering and analyzing. Don't be worry Marine Structural Design Calculations can bring when you are and not make your bag space or bookshelves' turn out to be full because you can have it in the lovely laptop even mobile phone. This Marine Structural Design Calculations having very good arrangement in word in addition to layout, so you will not really feel uninterested in reading.

#### **Paul Hardy:**

A lot of publication has printed but it is different. You can get it by internet on social media. You can choose the best book for you, science, amusing, novel, or whatever through searching from it. It is called of book Marine Structural Design Calculations. You can contribute your knowledge by it. Without leaving the printed book, it could possibly add your knowledge and make an individual happier to read. It is most crucial that, you must aware about book. It can bring you from one spot to other place.

#### **Barbara Figueroa:**

E-book is one of source of understanding. We can add our information from it. Not only for students but native or citizen want book to know the change information of year for you to year. As we know those ebooks have many advantages. Beside all of us add our knowledge, could also bring us to around the world. By the book Marine Structural Design Calculations we can consider more advantage. Don't one to be creative people? To be creative person must want to read a book. Just choose the best book that suitable with your aim. Don't always be doubt to change your life at this book Marine Structural Design Calculations. You can more inviting than now.

#### **Dorothy Cropper:**

Reading a reserve make you to get more knowledge from that. You can take knowledge and information from your book. Book is composed or printed or created from each source this filled update of news. On this modern era like at this point, many ways to get information are available for you actually. From media social just like newspaper, magazines, science guide, encyclopedia, reference book, book and comic. You can add your understanding by that book. Ready to spend your spare time to spread out your book? Or just searching for the Marine Structural Design Calculations when you desired it?
