The Constitution of the United States (University Casebook Series)

Michael Paulsen, Steven Calabresi, Michael McConnell, Samuel Bray

The Constitution of the United States (University Casebook Series) Michael Paulsen, Steven Calabresi, Michael McConnell, Samuel Bray

This casebook emphasizes the text, structure, and history of the Constitution. It uses "great cases" as paradigms for learning the major issues in constitutional law, and it offers less attention to the small ripples of modern doctrine. It stresses the task of interpretation, including the interpretation of the Constitution by the political branches. And it gives attention to features of our constitutional history that are neglected in many casebooks, including slavery, the horizontal federalism of Article IV, the amendment process of Article V, and representative democracy.
