A Brewer's Guide to Opening a Nano Brewery: Your \$10,000 Brewery Consultant for \$15, Vol. 1 Dan Woodske

Dan Woodske is the owner and brewer at his own nanobrewery, the Beaver Brewing Company in Beaver Falls Pennsylvania. Starting as an avid homebrewer he wondered why there wasn't a brewery within an hour drive of his home...that's when he decided to take his passion for brewing to the pro level. This book describes everything you need from buying brewery equipment, marketing your beer, licensing, running your brewing, and finding that perfect space. The process of opening a brewery can seem daunting, but in about 100 pages you will find brewing good beer is the hard part, the rest seems easy once it is all laid out for you. You want details on the licensing process? You want to learn how to sell your beer? You want real life examples on how a nanobrewery works and how it can be profitable? Then buy this book. Don't spend \$10,000 on a consultant, spend \$15 and get info from someone that actually owns and operates a nanobrewery...and does it successfully.
