Dennis D. Waskul

Net.SeXXX: Readings on Sex, Pornography, and the Internet (Digital Formations) Dennis D. Waskul
Sex has shaped the Internet from the very beginning. In the process, the Internet has also brought about a plethora of new sexual possibilities, opened new markets for the entrepreneurs of pornography, challenged the boundaries of social institutions, exposed precarious moral dynamics, and created a novel arena for asking important questions about the people who may or may not be grounded in this emerging matrix of computer-mediated meaning. This book takes stock of these changes. Drawing from some of the most notable works written on the subject and original contributions from experts in the field, *Net.SeXXX* explores the dynamics of Internet sex, entertains implications and consequences, critically examines key conclusions, and raises new questions.
