Research: How to plan, speak and write about it

From the Back Cover: "Research: How to Plan, Speak and Write About It' is an aid for anyone starting or someone who is already undertaking research. Training for research is only available in a few places in the world, and usually the researcher has to learn to master every step by personal experience. This entails planning the research, finding out how to obtain funds, searching the literature, analysing the data statistically, preparing visual material and slides, speaking about it in public writing it up for journals and so on...."
