Cracking the AP Economics Macro & Micro Exam, 2004-2005 Edition (College Test Prep) David Anderson

The Princeton Review realizes that acing the AP Economics Exam is very different from getting straight A's in school. We don't try to teach you everything there is to know about economics—only what you'll need to score higher on the exam. There's a big difference. In *Cracking the AP Economics Macro & Micro Exams*, we'll teach you how to think like the test makers and

-Score higher by reviewing the economics concepts most likely to be tested

-Safeguard yourself against traps that can lower your score

-Crack the free-response questions by learning to make graphs that work for you

-Perfect your skills with review questions in each chapter

This book includes 2 full-length practice tests, one each for the macroeconomics and microeconomics exams. All of our practice test questions are like the ones you'll see on the actual exam, and we fully explain every answer.
