Fat Old Model Georgie Bleza

What happens to a model when her tits start to sag and her looks start to fade? Functioning alcoholic Charlie Greenfield is at the fag-end of her career. After yet another disastrous casting, her New York agents ditch her and she's forced to return home to London. At least her best friend Jake is pleased to see her. But with no income and no qualifications (other than being professionally good looking) Charlie is forced to face a future that is more Primark than Prada. That is, unless she can bag herself a man rich enough to finance her ruinously expensive cocktail habit or foolish enough to love her, muffin top and all.
