Macroeconomics in Context Neva Goodwin, Julie Nelson, Jonathan Harris, Brian Roach, James Devine
Designed for a single-semester undergraduate course, this introductory economics textbook updates traditional macroeconomics to encompass twenty-first century concerns. In contrast to standard texts, the book starts with the question of human well-being, and then examines how economic activities can contribute to or detract from it. "Macroeconomics in Context" covers standard macroeconomic concepts and models, and shows how they apply to such critical issues as ecological sustainability, distributional equity, the quality of employment, and the adequacy of living standards. In language that is clear and compelling, the book's discussions of historical, institutional, political, and social factors encourage students to engage with the subject matter. An Instructor's Resource Manual, a Test Bank, and a Student Study Guide are available online to instructors who adopt the text.

From reader reviews:

James Sandifer:

Playing with family in a park, coming to see the marine world or hanging out with pals is thing that usually you may have done when you have spare time, in that case why you don't try issue that really opposite from that. One activity that make you not feeling tired but still relaxing, trilling like on roller coaster you are ride on and with addition info. Even you love Macroeconomics in Context, you may enjoy both. It is very good combination right, you still desire to miss it? What kind of hangout type is it? Oh can occur its mind hangout guys. What? Still don't buy it, oh come on its identified as reading friends.

Bethany Eng:

This Macroeconomics in Context is great reserve for you because the content which can be full of information for you who also always deal with world and get to make decision every minute. This kind of book reveal it data accurately using great coordinate word or we can state no rambling sentences inside. So if you are read this hurriedly you can have whole info in it. Doesn't mean it only will give you straight forward sentences but hard core information with splendid delivering sentences. Having Macroeconomics in Context in your hand like finding the world in your arm, facts in it is not ridiculous 1. We can say that no e-book that offer you world with ten or fifteen small right but this guide already do that. So , it is good reading book. Hello Mr. and Mrs. busy do you still doubt that?

Alan Durham:

Is it an individual who having spare time then spend it whole day by means of watching television programs or just resting on the bed? Do you need something new? This Macroeconomics in Context can be the respond to, oh how comes? A fresh book you know. You are and so out of date, spending your spare time by reading in this fresh era is common not a geek activity. So what these publications have than the others?

Andrea Lampkin:

As a pupil exactly feel bored to reading. If their teacher asked them to go to the library or even make summary for some guide, they are complained. Just very little students that has reading's soul or real their leisure activity. They just do what the teacher want, like asked to the library. They go to at this time there but nothing reading seriously. Any students feel that looking at is not important, boring along with can't see colorful pics on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this Macroeconomics in Context can make you feel more interested to read.
