Stories, Images, and Magic from the Piano Literature Neil Rutman

Stories, Images, and Magic from the Piano Literature will stimulate the imagination of pianists as they study and perform the great works of the piano literature. This book brings together for the first time under one cover, for the delight and edification of the musician, a plethora of programmatic, poetic, or imaginative musical images and stories on piano works from the classical literature. Many images originate with the composers themselves, the pens of their acquaintances or contemporaries, while others derive from pianists and authors of distinction from later generations, as well as from translations of poetry on which a piano work is based.
