**To the River** Olivia Laing

**A beautiful, lyrical book tells the tale of the river in which Virginia Woolf drowned, and heralds the arrival of a major new voice in nature writing**

One midsummer week more than 60 years after Virginia Woolf drowned in the Ouse in 1941, Olivia Laing walked that same Sussex river from source to sea. The result is a passionate investigation into how history resides in a landscape—and how ghosts never quite leave the places they love. Along the way, Laing explores the roles rivers play in human lives, tracing their intricate flow through literature and mythology alike. She excavates all sorts of stories from the Ouse's marshy banks, from the brutal Barons' War of the 13th century to the "Dinosaur Hunters," the 19th-century amateur naturalists who first cracked the fossil code. Central among these ghosts is, of course, Virginia Woolf herself: her life, her writing, and her watery death. Woolf is the most constant companion on Laing's journey, and this book can be read in part as a biography of this extraordinary English writer, refracted back through the river she loved. But other writers float through these pages too—among them Iris Murdoch, Shakespeare, Homer, and Kenneth Grahame, author of the riverside classic *The Wind in the Willows*. The result is a wonderfully discursive read, interweaving biography, history, nature writing, and memoir, and driven by Laing's deep understanding of science and cultural history.

### From reader reviews:

#### **Jena Alvarez:**

This To the River is great book for you because the content that is full of information for you who also always deal with world and still have to make decision every minute. This specific book reveal it info accurately using great manage word or we can state no rambling sentences within it. So if you are read it hurriedly you can have whole info in it. Doesn't mean it only gives you straight forward sentences but tough core information with attractive delivering sentences. Having To the River in your hand like having the world in your arm, info in it is not ridiculous a single. We can say that no book that offer you world within ten or fifteen small right but this e-book already do that. So , this really is good reading book. Hello Mr. and Mrs. stressful do you still doubt in which?

#### **Maria Swensen:**

In this era globalization it is important to someone to acquire information. The information will make a professional understand the condition of the world. The fitness of the world makes the information quicker to share. You can find a lot of references to get information example: internet, classifieds, book, and soon. You can observe that now, a lot of publisher which print many kinds of book. The particular book that recommended to your account is To the River this e-book consist a lot of the information with the condition of this world now. This specific book was represented how does the world has grown up. The language styles that writer require to explain it is easy to understand. The particular writer made some study when he makes this book. Honestly, that is why this book appropriate all of you.

#### **Daniel Bryant:**

That publication can make you to feel relax. This particular book To the River was bright colored and of course has pictures around. As we know that book To the River has many kinds or category. Start from kids until adolescents. For example Naruto or Private eye Conan you can read and think that you are the character on there. So , not at all of book are usually make you bored, any it offers up you feel happy, fun and chill out. Try to choose the best book for you personally and try to like reading this.

#### **John Parish:**

As a student exactly feel bored to be able to reading. If their teacher requested them to go to the library or make summary for some guide, they are complained. Just small students that has reading's spirit or real their hobby. They just do what the trainer want, like asked to go to the library. They go to there but nothing reading critically. Any students feel that studying is not important, boring as well as can't see colorful pictures on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this To the River can make you sense more interested to read.
